TREND ALERT!

Increased exam applications submitted and accepted. The increase in applications is likely a result of increased marketing efforts and the state liaison program.

Recertification rates increased for 2019.

Effective 2019, NBCSN is tracking the number of applications submitted for NCSN-E status.

NBCSN was expecting to see increases in the number of exam applications and recertification for 2020.

However, due to the effects of COVID-19, the 2020 exam application numbers have remained flat with 2019 and NCSNs due to recertify between March 15 and October 31, 2020, were provided a 6-month extension.
